The screenshot shows the '調達ポータル' (Procurement Portal) search interface. At the top, there is a navigation bar with 'MENU', 'トップ', and '調達情報公開機能'. Below this is the search title '調達情報の検索'. A descriptive paragraph states that users can search for procurement information registered on the portal and view recently referenced information. There are two search filters: '説明' (Description) and '選択' (Selection). The '検索条件' (Search Conditions) section includes several filters: '案件分類' (Case Classification) with options for '公開中の調達案件' (Selected) and '自社が落札した調達案件 (ログイン時のみ)' (Unselected); '調達種別' (Procurement Type) with a '選択' button; '分類' (Classification) with options for '全て' (Selected), '物品・役務' (Unselected), and '簡易な公共事業' (Unselected); '調達機関' (Procurement Agency) with a '選択' button; '品目分類' (Item Classification) with a '選択' button; and '公開開始日' (Start Date) with a date range selector. A red box highlights the '調達案件名称' (Procurement Case Name) search field, which contains the text '254文字以内' (Within 254 characters).
