

Subject: Notice of Drainage Pipe Installation Work in the Waters off Nata, Hakata Bay

Issued by: Hakata Port and Airport Construction Office, Kyushu Regional Development Bureau
TEL 092-451-3937

Please be advised that drainage pipe installation work will be carried out as detailed below. All vessels navigating in the vicinity are requested to exercise extreme caution.

1. Work Area

2. Work Period & Hours

- The work will take place in the sea area off Nata, Hakata Bay.
- Period: June to October, 2025 (Reiwa 7)

Work Hours (Estimated): Sunrise to Sunset

Overview: Construction work associated with the drainage pipe installation will be conducted. This includes dredging, spoil transport and disposal, drainage structure installation, covering work (backfilling with stone), and sand capping.

3. Scope of Work

- Grab Dredging: Dredging at the pipe installation site will be performed using an anchor-type grab dredger and soil carrier barges.
- Spoil Transport and Disposal: Dredged material will be transported by soil carrier barges and deposited into the designated depression area off Atagohama using a tremie barge.
- Drainage Structure Installation: The drainage pipe sections will be installed in the dredged trench using a crane barge.
- Covering Work (Protection Layer): The installed pipe will be backfilled/covered with crushed stone using a crane barge.
- Sand Capping: The area over the installed and covered pipe will be further backfilled/capped with sand sourced from Saitozaki, using a crane barge.

4. Notice to Mariners

- The anchor-type grab dredger, crane barge(s), and soil carrier barges involved in the operation will display lights and shapes in accordance with the International Regulations for Preventing Collisions at Sea (COLREGs).
- Vessels equipped with International VHF radio are requested to maintain a continuous listening watch on VHF Channel 16 and utilize it for communication as necessary.
- Vessels navigating near the work area are requested to proceed with caution and cooperate with instructions given by the guard boat(s) on station.

5. Information Provision

- For further information regarding this construction work, please contact:
